Subject: Allen Salavea at March 4 WCA meeting

Aloha Ms. Leithead Todd,

For the past several years, the Waimea Community Association has been pleased to support the CDP process by educating the community about the process, soliciting community input, introducing the steering committee, and providing a forum for progress reports. At our upcoming meeting, on March 4, we would like to introduce the Action Committee. Knowing him from my days on the Steering Committee, I asked Allen Salavea if he would join us in making that introduction as well as explaining the roles and responsibilities of the Action Committee and soliciting applicants for the vacant seat on the committee. He asked that I make the invitation through your office. We anticipate that the Action Committee portion of our agenda would be 15-20 minutes.

We have always appreciated Allen's participation in our meetings and hope that this fits into his schedule.

Sincerely,

Sherm Warner
President, Waimea Community Association

Founded in the early 1960s and initially called Waimea-Kawaihae Community Association, WCA is a grassroots community group formed to:

- Gather and present information and to facilitate discussion of issues affecting Waimea ;
- To advise community members on how and where to make their voices heard, individually or collectively;
- Promote open participation from all of the Waimea community for the purpose of recommending policies and legislation for careful growth of Waimea, while preserving the valued qualities of the region;
- Develop leadership within the community, and
- Initiate, coordinate and support projects to further community development and harmony: cultural, economic, physical and spiritual.

Everyone is invited to WCA's monthly Town Meetings from 5:15-7 p.m. on first Thursdays. Membership is not required to attend town meetings but is urged and includes periodic e-mail notices of important community news, events and issues.
