Waimea Community Association
P.O. Box 2655
Kamuela, HI 96743

Aloha Sherm,

I am writing you on behalf of Parker School to express our thanks for the constructive role played by the Waimea Community Association during our recent use permit application process. We appreciate your testimony to the Leeward Planning Commission expressing your support for our application. We also heard your request that the agreement which Parker School reached with Margaret Wille be incorporated in the legal conditions established by the county for issuance of the use permit.

While the county, under advisement of their legal counsel, opted to leave our community agreement out of the legal agreement, please rest assured that the school remains committed to implementing its requirements. It serves us, as well as the larger community, to use this as a directive in implementing our expansion.

In many parts the community agreement further clarifies the ways in which we will meet the conditions of the county. In other parts it proactively addresses concerns of the community that we will use in the development of our specific plans, but which are not in the county's legal purview. Our intention is to honor the spirit of community consensus represented by the agreement whether or not they mirror the county's mandate.

Thank you again for your involvement and efforts to make this process successful for the school and the community. If you or members of the association have further questions for the school, please don't hesitate to contact me.

Mahalo,

Carl Sturges
